

EFFECTIVE

September 1, 2021.

Subject(s)**RFT 270, Child Development and Care (CDC) Department
Hourly Rates**

Effective fiscal year 2021, department hourly rates for all CDC provider types will increase by 40 percent. The increase impacts billing submitted for the dates of September 27, 2020 (pay period 021), through September 25, 2021 (pay period 120). Supplemental payments will issue for billings already submitted and processed at the original rates.

Group and Family Child Care Home providers receive the same hourly rates; therefore, their rows have been combined on the *Department Hourly Rates and Child Care Fees* chart.

Reason: Policy update.
